TRAIN THE TRAINER

Supporting Excellence in Agricultural and Technical Education

June 10-12, 2025

at St Cloud Community and Technical College, St Cloud MN

https://mnscu.rschooldtoday.com/public/costoption/class_id/296881

Register by June 1, 2025

The registration fee is \$100/attendee | Lunch and snacks are provided each day

Specifically designed for Agriculture, STEM and Tech-Ed teachers, this three-day workshop will include training to support instructors in four core areas:

Training will include:

- Construction
- Hands-on training designed to meet attendees at YOUR skill level and
- Create long lasting professional relationships with colleagues and College subject matter experts.
- Whether you're an experienced teacher looking for continuing education, a new teacher nervous about your skill level/knowledge, or simply curious about including these program experiences for students at your school, this workshop is for you!

You will receive:

- Access to classroom "tool kits," including guided activities and coursework for teachers.
- Career exploration resources for students
- Training from SCTCC instructors and an invitation to communicate with them throughout the school year
- 24 Continuing Education Credits (CEU):
Clock hour certificates available upon completion of the workshop.

Participants should check your Perkins coordinators for financial assistance

Lodging costs are the responsibility of the participants.

Each day the workshop will run from 8:00am - 4:00pm.
Items to Bring: Welding Helmet, Welding Coat, Welding Gloves, and Safety Glasses.
